

Required Documents & Vehicle Checklist – Yukon Territory

Below is a list of required documents you must bring to your installation appointment. If you do not bring these documents, you will be turned away and will need to reschedule your appointment.

It is also required that the vehicle be sanitary, can be started without needing a boost and have a working odometer.

Please note that if you are turned away for any reason, you will be subject to a \$175.00 Shop Rate/Installation Appointment Cancellation Fee.

- ☐ Driver Control Board Ignition Interlock Application, to be signed by the installation technician.
- ☐ Valid registration of the vehicle that the IID will be installed in.
- ☐ If the vehicle is NOT registered in your name, you MUST have a Permission to Install Form completed and signed by the registered owner. If you bring the registered owner with you, the technician can provide you with this form to be completed at the time of installation. The form can also be found on our website at www.smartstartcanada.ca under FORMS.
- ☐ Vehicle starts without a boost
- ☐ Vehicle is clean/sanitary
- ☐ Odometer works
